#### The Feast of the Sacred Heart

Today we celebrate the Feast of the Sacred Heart of Jesus. On this special day we focus on the love of Jesus for all of us. He is the source and centre of love and was made man and lived as a man on Earth to teach us how to love others and His Father in

Heaven. The heart of Jesus is so full of love that He shares His love and life with everyone. Jesus loves us and the example of His Sacred Heart, He shows us how we should love.

#### **Whole School Mass**

Our Year One Teachers and students will be leading us in our Whole School Mass next Friday at 9am. The children would love to see their parents joining them in thanks and praise. The Year One parents will also host the morning tea following Mass. All are very welcome.

#### **P&F Meeting**

Next Tuesday 12 June will be our last meeting for this term. Everyone is most welcome to attend. For those that have not had the opportunity yet, you might like to make this your first meeting.

#### **School Survey**

On Sunday 10 June the MMG School Survey will close. Thank you to the many parents who have taken the opportunity to complete the form and share their experience with regard to our school. Your feedback is most valued. There is still a couple of days left to complete the survey, so please take 15 – 20 minutes to 'Be the Voice and not an Echo!' Thank you all very much.

#### **Managing Student Non-Attendance**

Regular attendance at school is essential if students are to maximise their potential. While it is the parents' legal responsibility to ensure that their children attend school regularly, our staff as part of their duty of care, monitor all absences and work in partnership with parents to support and promote the regular attendance of students. In doing so, Mater Christi

- Provides a caring environment which fosters in students, a sense of well-being and belonging to the school community
- Maintains accurate records of student attendance
- Implements procedures to monitor student attendance and address non-attendance issues as and when they arise
- Communicates to parents and students, attendance requirements and the consequences of unsatisfactory attendance

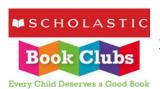

School attendance records also contain information regarding student absences including reasons for absence and documentation to substantiate reasons for absences. Staff monitor non-attendance diligently and bring to the attention of the Assistant Principals and Principal any unexplained absences, non-attendance of a serious nature, or reasons for non-attendance that cause concern. The Principal may refer matters of concern to Catholic Education WA and relevant Government Authorities where appropriate.

If your child is absent without prior notice, you will receive an SMS and a phone call to confirm their whereabouts. Following this, if we have not had a response from you an email will be sent.

God Bless, Toni Kalat

#### **LIFELINK**

Last Wednesday our Altar Server Leaders attended the official launch of the Archbishop's Lifelink for 2018. Our school was presented with a special 'Year of Youth' plaque which recognises Mater Christi's many years of support for Lifelink and its many agencies. At the launch Archbishop Costelloe spoke about how the contributions of Catholic schools to Lifelink helps over 34,000 families each year in Perth. Our next Lifelink fundraising event will be the free dress day at the end of term – more details to follow!

# Tips for crossing the road safely

Crossing the road is an important task that is comprised of many different skills such as; choosing a safe place to cross, judging gaps in traffic, avoiding distraction, responding to hazards or complex traffic situations, judging time taken to cross the road and controlling impulses (Congiu *et.al.*,2008). Not only must a person crossing use all these skills simultaneously, but they must also be able to judge the consequences of any errors or mistakes (Foot *et.al*, 1999). For most children these important cognitive, visual, perceptual and attentional skills are not yet fully developed (as seen in Table 1), which can lead to children making risky decisions when crossing the road.

Table 1: Skills, psychological processes and associated ages related to road crossing. Table sourced from Foot et al, 1999.

Activity	Psychological Process	Age limit
Noticing the presence of other traffic in time	Visually scanning the surroundings, understanding where other traffic is going (or is about to go), distinguishing important from unimportant stimuli	50% of the 4-14 year olds have insufficient command of this activity
Recognizing safe and unsafe road crossings	Knowing the causes of dangerous traffic situations and suppressing distraction	Insufficient up to 9 years old
Dividing attention and concentration	Time-to-collision estimates, estimating distance and speed of other road users, observing and estimating accelerations and decelerations	Improves as the child gets older
Judging information in its context	Dividing attention between various causes of danger, analysing the connection between information from different visual areas, processing the information, impulse control	Very poor under the age of 7. Boys are more impulsive
Coordinating observation and action	Judging whether the available crossing time is sufficient in relation to the time needed, taking into account one's own maximum walking speed	No information about age limit available
Sense of responsibility	Realizing the consequences of errors	Up to14 years old: 50% only judges behaviour to be 'bad' if it causes damage

#### What can you do to teach your child safe road crossing skills?

- Always supervise your child when crossing roads; they should not cross without adult support until at least 10 years of age.
- Model good road crossing behaviour yourself.
- Talk to your child about safe selection of places to cross the road and ask them to help you select a safe place to cross.
- Always **stop**, **look**, **listen** and **think** when crossing the road.
- Talk to your child about what you are doing as you do it eg. 'I am looking right and I can see a car, it is coming quickly so I will wait until it passes before I cross'.
